

Notice to Permanently Close Single Wall USTs

UST Announcement: All Single Wall Underground Storage Tank (UST) and Piping Systems Must be Permanently Closed by Dec 31, 2025 (Updated 10/6/2016)

This announcement is time sensitive because there may be grant and or loan funds available to assist in the closure of these single wall tanks and piping systems. Once the existing funding is allocated there may not be additional funding in subsequent years. For more information review the notification documents posted here:
